

### Product specifications:

**Outputs:** 1x16A phase + 1 neutral

**Options:**

- 8 operations buttons:
  - 6 timer buttons
  - 1 on/off button
  - 1 for additional functions (Scenario, Duplicate)

**Inputs:** 1 phase + 1 neutral

**IR SENSOR:** Built-in

**Mini speaker:** Built-in

**Rated Voltage:** AC 110-230V, 50/60 Hz

**Standby current:** 60mA

**Updates:** Firmware Over The Air (FOTA)

**Front panel:**

- 1.5 mm glass cover
- 8 operating buttons + 1 function button
- RGB LED indicator for each button

**LED indicator:** Different color indicator for each operating mode

**Operating frequency:** 2400-2483 MHz

**Transmission power:** 0.04w

**Transmission bandwidth:** 20 MHz

**Modulation:** DSSS, CKK, OFDM

**Weight:** 0.167 KG

**Energy metering range:** 50-3600w
